

## SQUARE TOP HORIZONTAL PANEL

*Made of slow-grown timber, these square panels make an interesting screen for any garden without taking away the garden plants and landscape's own interest.*

### PRICES

	0.9-----£22.54
	1.2-----£25.63
Height	1.5-----£29.51
	1.8-----£32.62

Prices are for delivery to areas south of York and east of Southampton

## ARCHED TOP HORIZONTAL PANEL

*The arch gives added interest to our horizontal panels. These can be used throughout the garden boundaries or mixed with our Square Top Horizontal panels to break monotony on long runs.*

### PRICES

	0.9-----£24.02
	1.2-----£27.10
Height	1.5-----£30.98
	1.8-----£34.09

Prices are for delivery to areas south of York and east of Southampton

## SQUARE TRELLIS TOP HORIZONTAL PANEL

*This panel offers the full height for privacy yet gives an open feel on top. And as in all our panels, the mortice and tenon joints of the corners are bonded with waterproof glue and well as being stapled.*

### PRICES

Height	0.9-----£25.34
	1.2-----£28.10
	1.5-----£32.09
	1.8-----£34.40

Prices are for delivery to areas south of York and east of Southampton

## OMEGA TRELLIS TOP HORIZONTAL PANEL

*This attractive panel gives lots of appeal with an open feel on top. Yet although intricate, the panel is sturdily constructed.*

### PRICES

Height	0.9-----£26.86
	1.2-----£29.51
	1.5-----£33.38
	1.8-----£35.59

Prices are for delivery to areas south of York and east of Southampton

## V ARCHED HORIZONTAL PANEL

*For something unusual, our diagonally aligned V shaped panel offers seclusion with a difference. All supporting rails are mortice and tenoned into the stiles for longevity, giving appealing interest.*

### PRICES

Height	0.9-----£25.07
	1.2-----£28.76
	1.5-----£33.23
	1.8-----£35.99

Prices are for delivery to areas south of York and east of Southampton

## SLATTED HORIZONTAL PANEL

*Here is an open feeling yet defines the borders nicely for privacy. All rails are tenoned into the stiles for strength, and nailed to the supporting inner stiles.*

### PRICES

	0.9-----£28.42
Height	1.2-----£28.22
	1.5-----£30.63
	1.8-----£32.27

Prices are for delivery to areas south of York and east of Southampton

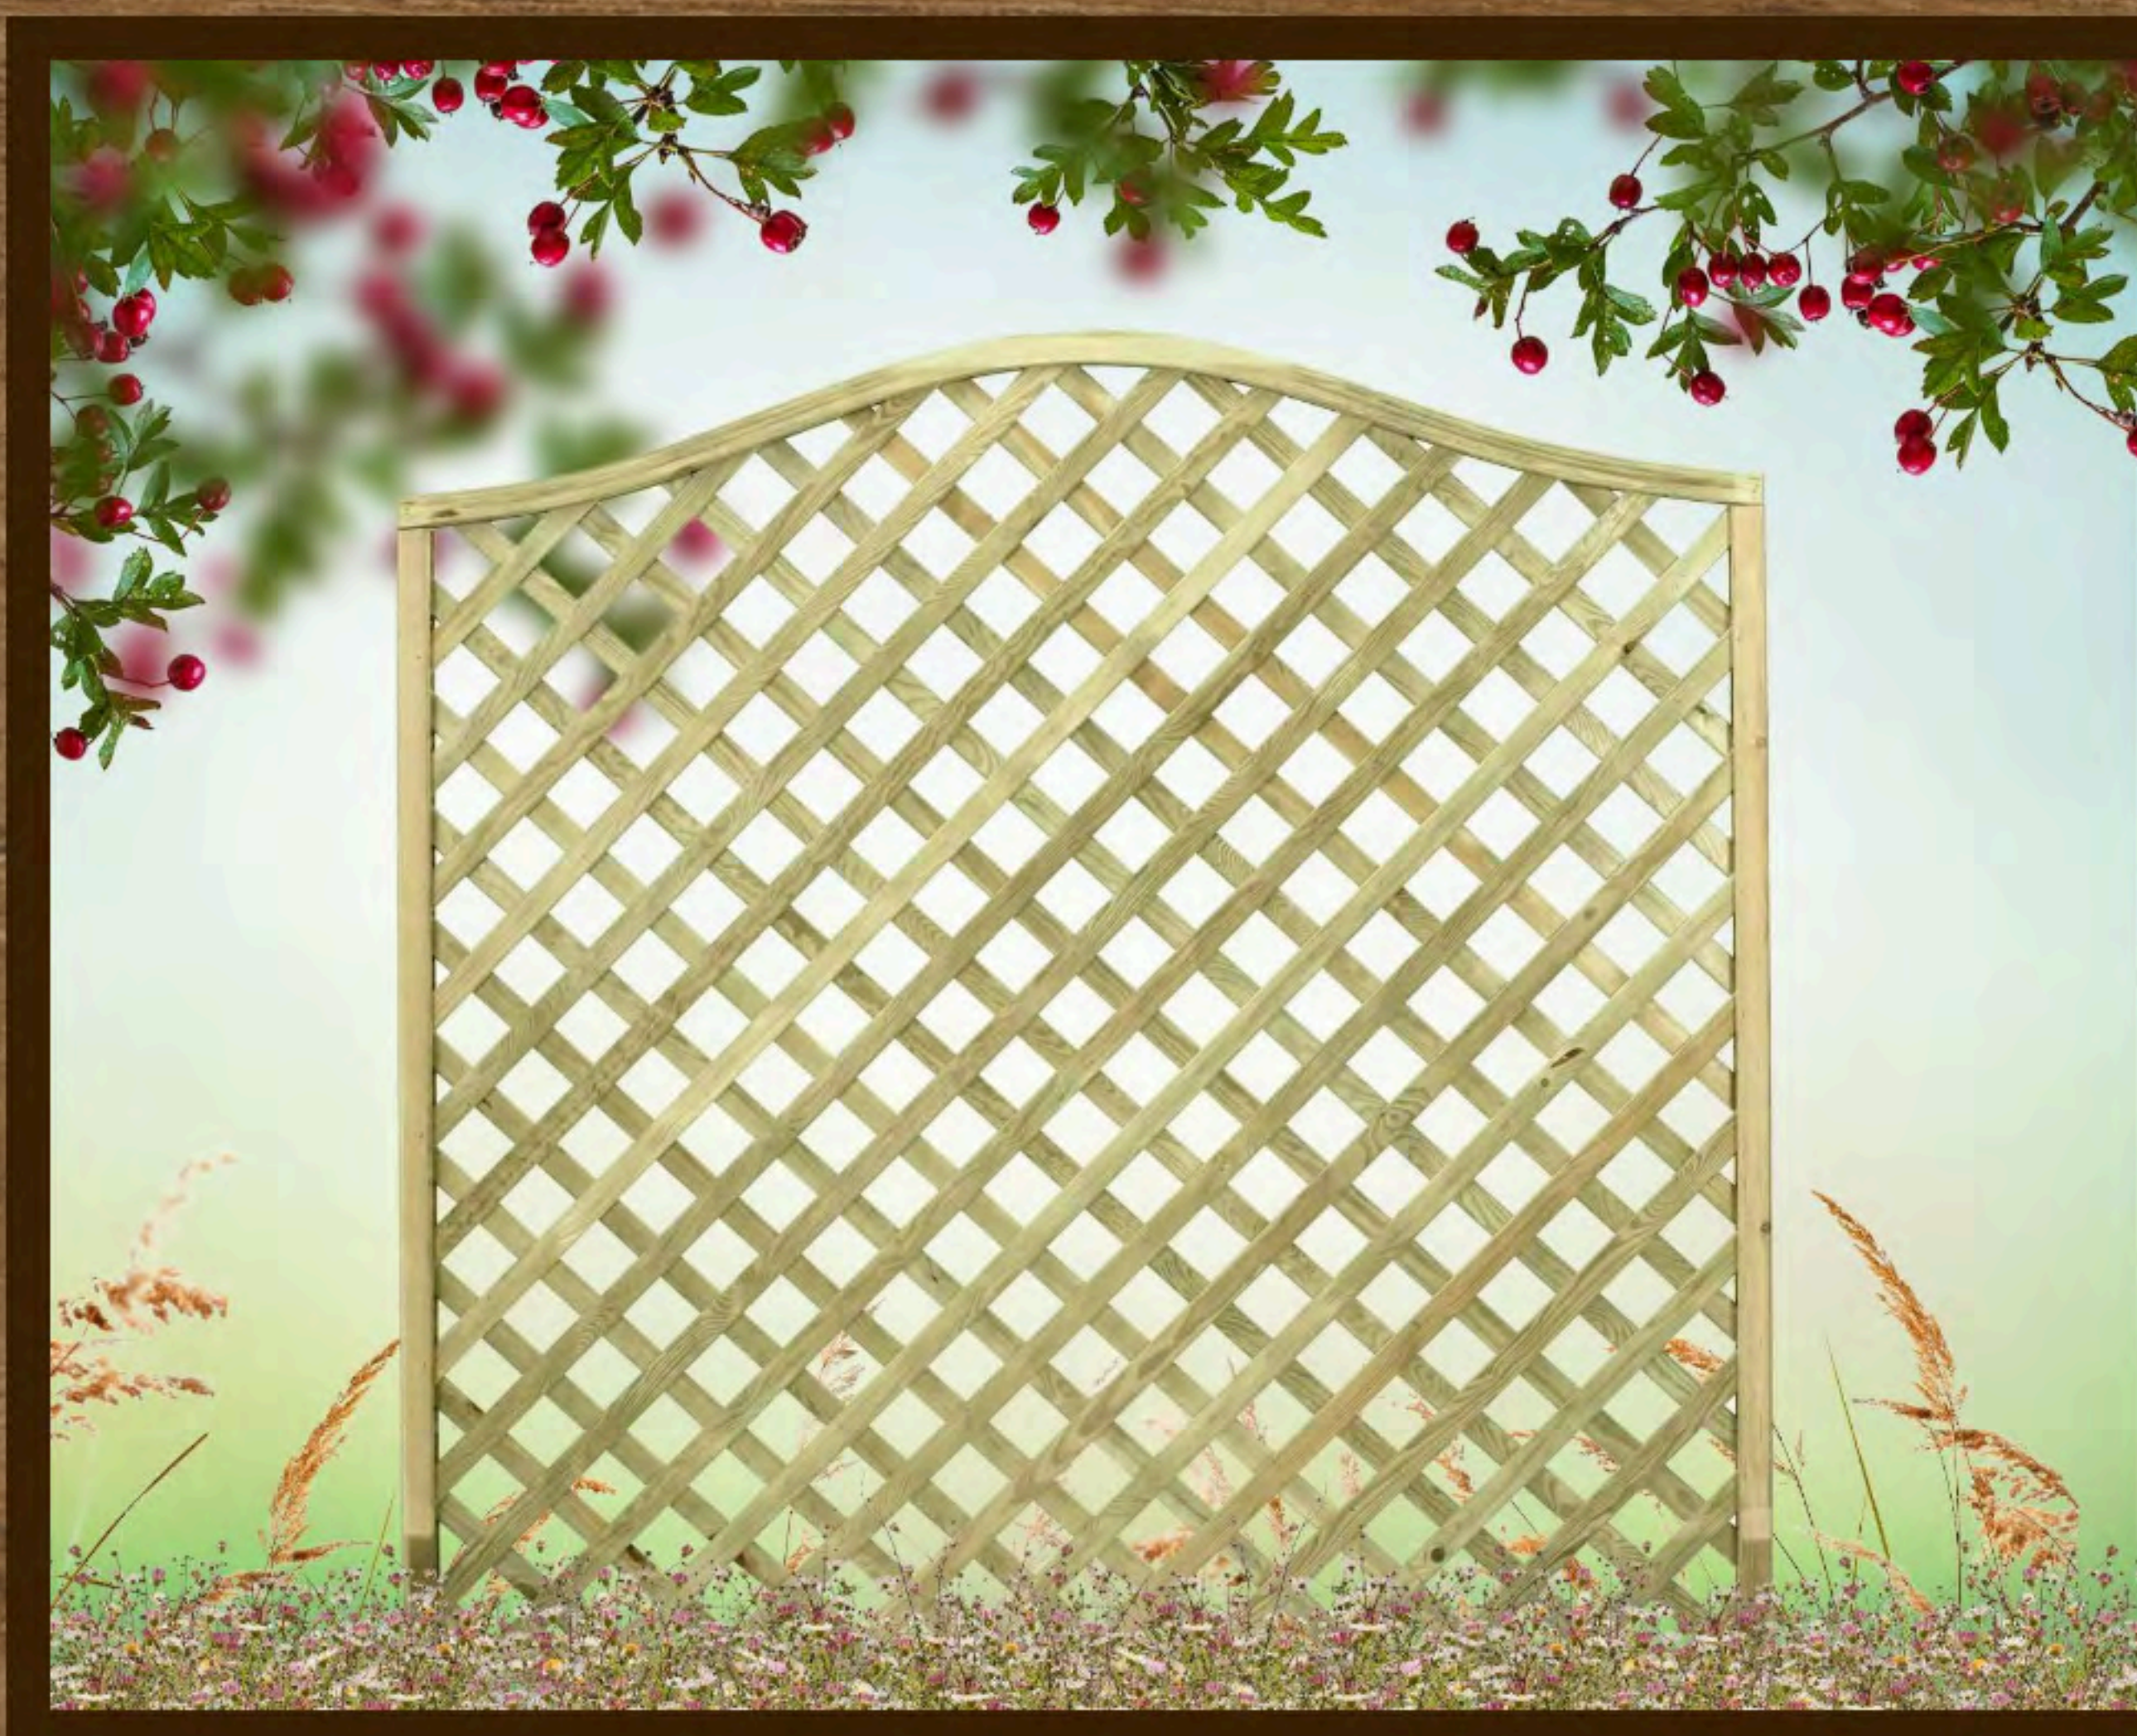

## OMEGA LATTICE PANEL

*For screening garden areas without sacrificing openness, this panel offers a light feel yet the gaps in the lattice work are small enough to curtail the power and chill of winds.*

### PRICES

	0.9-----£19.30
Height	1.2-----£21.59
	1.5-----£25.01
	1.8-----£28.00

Prices are for delivery to areas south of York and east of Southampton

## PICKET FENCE PANEL

*Our traditional picket fence borders gardens with definite boundaries all the while offering a friendly open sense of appeal.*

### PRICE

Height	0.9-----£20.49
--------	----------------

Prices are for delivery to areas south of York and east of Southampton

**TRANS GLOBAL**  
TIMBER LTD

## SQUARE POINTED POSTS

*Our machined posts are made  
from slow-grown and dense  
softwood.*

### PRICES

1.8 x 90 x 90 - £7.60  
2.4 x 90 x 90 - £10.20  
3.0 x 90 x 90 - £12.60

(finished)

Prices are for delivery to areas south  
of York and east of Southampton

# TRADITIONAL FENCE PANELS

## WANEY-EDGED LAP PANEL

*This is our most economical panel,  
which offers privacy at an affordable  
price.*

	1.2-----	£15.83
	1.5-----	£18.77
	1.8-----	£21.39

Prices are for delivery to areas south  
of York and east of Southampton

## FENCING PANELS

*We produce both Traditional and Euro Fencing Panels for the fencing industry.*

*Our panels are made from virgin softwood harvested from the vast controlled forest regions of the Czech Republic. Our species are red wood (Pine) and white wood (Spruce). Our timber is slow grown over many decades, which produce dense and strong timber boards, as opposed to the rotational crops in the UK and Ireland. (Hence the reason why UK imports most of its superior graded constructional timber from Europe).*

**TRANS GLOBAL**  
TIMBERS LTD

## TRADITIONAL FENCING PANELS

*Using the above-mentioned higher quality timber for all our panels – Traditional lap Panels included, our panels will last longer, being made of stronger material. The timber holds screws and nails better, being made of a denser grade timber.*

## DECORATIVE EURO PANELS

*Our Decorative Euro Panels (named so after the fact that most Decorative Panels originate in Europe), are constructed with superior grade timber. These are kiln dried, heat treated, then machined smooth. After this they are pressure treated before being manufactured into decorative fencing panels.*

## WHY CHOOSE OUR FENCING PANELS?

- 1) They are competitively priced. But price over quality is not a good trade off.*
- 2) We have concentrated on quality, and even though our panels are manufactured according to the strict quality of the higher end manufacturers in Europe, we have taken it a step further by gluing our mortice and tenon joints of the panel corners with waterproof glue before we fasten them with pneumatic stapling. Therefore, what would normally be traditional weak points in any panel, ours are reinforced with bonded joints.*
